This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 646436.

The project movie was produced by an Aberdeen-based video production company, Clear Focus Movies Limited <http://www.clearfocus-productions.co.uk/>.

Filming was undertaken on two occasions, first to shoot the content provided by project partners located in Aberdeen, and second during the project's fourth expert workshop in Cork, where the remaining partners were all available.

David Gray, Robert Gordon University  
Finlay Bennet, Marine Scotland

12<sup>th</sup> April 2016, inside and outside the Centre for Marine and Renewable Energy

Anne Marie O'Hagan, MaREI, University College Cork  
Pierre Mascarenhas, E-CUBE  
Juan Bald, AZTI  
Teresa Simas, WavEC

The expert workshop in progress was also filmed to provide background footage for the movie.

Two movies were created:

A short version with a running time of 4 minutes 42 seconds that provides an overview of the project.

A long version with a running time of 11 minutes 24 seconds offering a more in depth look at the project.

These have been uploaded to YouTube.

Long: [https://www.youtube.com/watch?v=ALt-zO89W\\_s](https://www.youtube.com/watch?v=ALt-zO89W_s)

Both versions are linked to through the RiCORE Project Outputs webpage: <http://ricore-project.eu/downloads/>

The short video is also to be found on the website home page to offer visitors easy access to an introduction to the project: <http://ricore-project.eu/>

In addition Clear Focus will provide versions of the short movie with subtitles in English, French, Spanish, Portuguese, German and Dutch, which will also be made available on the website.
